

## *A Reminder of Our Purpose*

TLC's mission is to support families of children with disabilities, allowing them to enjoy life to the fullest! Our greater vision is to ensure the health of parents and the strength of marriages

### **We believe that:**

- Relaxation at home or away and typical family adventures create emotional and physical health for all families
- Care providers offset the demands of special needs, allowing balance for all family members
- Sharing the care-giving with respite providers allows for more opportunities to simply be Mom, Dad and siblings

TLC encourages families to pursue activities they may think are out of their realm of possibilities. We create access to opportunities, information and funds needed for these pursuits

### **We relieve parents of time-consuming searches by finding for them such things as:**

- *Specialized Child Care Resources*
- *Accessible Family Vacations*
- *Adaptive Sports and Camps for Children*

Founded by Louise & Mike Bruce  
In memory of their children  
Laura & Christopher
