

## What TLC Does

The La Chris Connection (TLC) Facilitates Parent Support Groups

We've founded MRCC "Marin Respite and Childcare Collaborative". Here, Marin agencies are working together to help make specialized childcare and respite available

Recruit and train caregivers! We love to get people excited about specialized care giving. Our training courses are fun and informative.

Our website is home for parent resources and our future listings of care providers. TLC hosts "mixers" where families and prospective care givers can meet casually.

LaChris takes time families don't have to gather and provide information about accessible vacations, kid's camps and adaptive sports & adventures!

Organize and fund family needs, vacations and parent get-aways. Support these efforts through our quality fund-raising events which are spectacular fun for our families served!

## What TLC Does

## How Families Benefit & Participate

Find one of our support groups and share your struggles and triumphs with us

The representatives of agencies you work with come together to find ways to meet your families' unique needs. Please communicate to them your understanding of those needs.

Refer your current caregivers to our training sessions so that they will be more equipped to deal with your child's unique needs.

Consider our website your friend! Complete our survey defining your family's respite needs. Attend "Meet the Parents" and enjoy time with parents and potential caregivers.

Share with us ideas for special places your family has discovered. **Keep the love and laughter flowing in your homes as we find more resources for you!**

Sign up as a "Family Served" on our website and you'll be eligible for the opportunities we will gift to families. Join us at our family and handicap friendly fund raising events.

## How Families Benefit or Participate

## How You or Your Agency Can Help

Spread the word to parents about support groups or share your facility for a meeting!

Agencies and individuals that work with families of the disabled should join our MRCC meetings and be a part of the goal of supplementing rather than duplicating efforts!

Invite us to present these care giving, career opportunities to the students, members and/or parishioners of your organizations.

Be a caregiver! Sign up for both our training classes and as an available caregiver for the families served! Spread the word to your friends about this rewarding, paying job!

Donate your restaurant, hotel or other vacation services to our great cause. Share your agencies knowledge of "special" camps, etc. Sponsor a family or parents' get-away!

Attend our, classy yet fun, fund raising events! Offer your services and silent auction items. Pledge substantial and/or monthly pledges to our great causes!
